

Please update your membership profile

Following on from the publication of the summary of results and next steps for our [IHM Management and Regulation Survey 2019](#), we are putting in place a number of new processes in response to the survey and to meet the requirements of the **General Data Protection Regulation 2018**. This will mean we need you to check and update the data we hold about you, to ensure that it is both accurate and complete.

Holding accurate and complete data will also enable us to manage your membership efficiently and to provide you with the resources and services you need to be your best selves.

Please check and update your profile as follows:

- Log into the 'Members' Area' on the www.ihm.org.uk website
- Click onto the new section (see left menu on the page) called 'Your Account' then 'Profile'
- Click the 'Edit Profile' button at the top right of your profile, which will enable you to update/complete your details, then save them using the 'save changes' button at the bottom of that table.

Please ensure that you check, update and complete all of the data fields, including the 'region' box which will enable us to set up and tell you about focused, regional events.

In the future, when any of your Profile information changes, please ensure that you update it as soon as possible using the process outlined above.

If you have any difficulty logging into the Members' Area, please [contact us](#) as soon as possible.

Thank you very much for your support.

Best wishes

Loretta
